

BA Economics- PROGRAM OUTCOMES

PO- 1: The Programme of TYBA has been revised by keeping in view of the recent trends in the subject of economics. The Board of studies in Economics has revised the syllabus of papers at the TYBA which will be made effective from the Academic Year 2018 - 19. In this revision, some of the existing optional papers have been replaced by new papers.

PO- 2: The Course is designed to develop the student's understanding of basic tools of macroeconomic analysis. It builds on the material covered in semester III and is designed to help the student apply macroeconomics to the real world.

PO- 3: Public Finance is the study of government policy from the point of economic efficiency and equity. It builds on the material covered in semester III and is designed for to make student aware role and functions of the government.

PO- 4: Macro Economics paper is designed to build on the understanding of basic macroeconomic identity introduced in semester IV. The various components are detailed here in the context of a closed economy. The objective is to enable the student to understand how interest rate and income level are determined in a closed economy and how policy may affect these outcomes.

PO- 5: Semester IV, students will study the sector wise development Issues of Indian Economy. Students will study the contemporary economic issues with respect to Indian economy in the context of Economic Survey of the Government of India.

PO- 6: The student should be able to use these concepts to understand the relevance of microeconomics to the real world. The student should be able to build on these concepts in the future to develop deeper understanding of the Economy.
