The DLLE (Department of Life Long Learning and Extension) along with IQAC of Saket College of Arts, Science & Commerce had organized DLLE Utsav on **Wednesday, 20th December & Thursday 21st December, 2022**. The objective of the event was to bring out the artistic and creative expressions of the students. The event was inaugurated by the Principal, Prof. Dr. Vasant Barhate who encouraged the students and shared with them the significance of Powada and Street play for enlightening the people on Various Social Cultural Issues.

DLLE UTSAV was celebrated by conducting various competitions on 20th December 2022. Powada & Street Play Competition was Organized. Powada and street play competitions are two popular forms of cultural and theatrical expressions that are often organized in educational institutions and community events in India. Here's a brief report on both of these competitions:

Powada Competition: Powada is a traditional form of Marathi folk poetry that tells the stories of historical and legendary figures. In a Powada competition, participants typically recite or sing a Powada and are judged based on their performance, delivery, and overall presentation. The competition provides a platform for young artists to showcase their skills and knowledge of the rich cultural heritage of Maharashtra.

The Powada competition typically involves a preliminary round where participants perform their Powada in front of a panel of judges, and the best performers are selected for the final round. The final round usually takes place in front of a live audience, and the winner is selected based on various criteria such as content, creativity, pronunciation, and stage presence.

Street Play Competition: Street play, also known as NukkadNatak, is a form of theatre that is performed on streets and public spaces to raise awareness about social issues and create a social impact. Street play competitions provide a platform for students and artists to express their creativity and convey important messages to the public.

In a street play competition, teams are usually given a specific theme or issue to address, and they have to create a play that highlights the issue in a creative and impactful manner. The competition judges evaluate the performances based on various parameters such as content, creativity, acting, dialogue delivery, and overall impact.

Street play competitions often attract a large audience and can be an effective way to create awareness about social issues and influence public opinion.

In conclusion, both Powada and street play competitions provide a platform for young artists to showcase their skills and creativity and promote the rich cultural heritage of India. INTRODUCTION

The Department of Lifelong Learning and Extension (DLLE) was established on October 12, 1978 and has been recognized as a Statutory Department and one of the authority of the University of Mumbai since 1994 to promote a meaningful and sustained rapport between the Universities and the community. It is functioning under the Board for Lifelong Learning and Extension to create skilled and learned human power through its various degree level programmes and skills development programmes. The Board of Lifelong Learning and Extension has the responsibility to create synergy at policy and operative level between various teaching, research and development institutions and various regional and national bodies and governmental agencies in the domain of lifelong learning, value education and life skills for senior citizens apart from other duties given under the Act.

The Department is now progressing as University Teaching Department as per UGC guidelines and Maharashtra Public Universities Act, 2016. It is succeeding with its scheduled academic activities such as Extension Work, Masters Degree Programs, Online Courses, National Institute of Open Schooling and also the activities of e-Learning Centre as a part of its academic responsibilities. It is headed by the Director, to carry out the objectives of the Board of Lifelong Learning and Extension.

Extension Education, the third dimension of the University system, is a two-way process which visualized mutual sharing of resources between the Community and the University for the Development of both the common man and the students. This dimension also aims at sensitizing the students to the socio-cultural realities. It is visualized that the contact between the University and community would lead to social welfare making it more relevant to daily life situations.

The DLLE with the diverse academic and technical resources supports the communities based extension work activities in collaboration with its specific mandate to work for the less privileged sections of the society and our efforts are to extend educational programs that will enhance and improve the quality of life of such groups with the central objective of “**reach to unreached**”. At present our DLLE extension activities are being conducted on regular basis in annual program for more than 300 colleges with 600 degree college Extension Work teachers and 30,000 Extension Work Students from **Mumbai, Thane, Palghar, Raigad, Ratnagiri and Sindhudurg districts** involved in Six Extension Work Projects of Skill Development, Industry Orientation, Career Guidance, Information Technology, Entrepreneurship Development, Status of Women in Society, Environmental Protection, Population Education & National Institute of Schooling.

As per the schedule of the Department, the Extension and Field Outreach activities undertaken through the Post Graduate Departments, Affiliated Colleges, and its Teachers and Students forms a major part in promoting a meaningful and sustained rapport between Universities and the community by introducing Adult Education (Lifelong Learning), Extension and Field Outreach activities which have been considered for academic credit.
